NOTICE

CARD ROOM – 21 CARDS RULES

Members are hereby informed that as decided in the Cards Sub-Committee Meeting held on 19/10/2026, with immediate effect the important Extracts from Rules For 21-Cards Rummy are as follows:

- **CHANGING CARDS:**

- Cards shall be changed after every two cuts, subject to a minimum of 10 games having been played with those cards.

- After completing two rounds, the third round only can be played with the same set of Cards, if no player on the table objects for the same, but all the players on the table must announce that they shall be closing their game for the day after that round.

- **JOINING TABLE:**

- In the case of a 7th player wanting to join the same table, it has been decided that the 7th player can join, after waiting for completion of current ongoing game.

- If any member has said "one in" during the progress of the game, and goes out for washroom and /or any other purpose, the players shall not wait for him / her to join them and "one-in" shall be null & void.

- If any of the new entrant players makes hand rummy, then only the dealer shall give 1st packing points or actual points, whichever is less plus for the penalties. And, this rule shall apply only for the very 1st one game, when the new entrant player/ players join the table.

- **RE-JOINING:**

- A player who has closed play may rejoin as a new player at anytime and has to play a minimum of 2 rounds. (Rule of balancing of Tables to be followed).

- **PLAY ROUNDS:**

- After completion of 2 Rounds, if only 4 Players are left on the Table, they may complete their 3rd Round by playing only 4 games provided it is confirmed by all Players before commencement of 3rd Round.

- After 6.00 pm., if a new Table is formed and only if there are 4 Players on the Table then minimum 2 Rounds (16 Games) have to be played.

- **DEALING:**

- If it is noticed that someone has deliberately taken a neighbours card, or pushed one of their own cards into their neighbours lot of cards, or intentionally dropped a card on the floor, then that player will be out of that / or the re-dealt game (as the case may be). He / She will have to pay full hand, and further, and cannot claim any open or closed penalties. It is clarified that dealer is not out even though joker and top card have already been exposed.

- If a player does not want to deal, they can ask the Marker to shuffle and / or deal for them, on payment as applicable. Players with a temporary injury / defect, may request the Marker to deal for them, at applicable charges.
