NOTICE

We are excited to announce our collaboration with students from the international baccalaureate (IB) program on an important initiative: the e-waste collection program, project wall-e.

Discarded devices like computers, mobile phones, large household appliances, and medical equipment etc., are considered e-waste.

Inspired by the Pixar movie wall-e, which features a small robot tasked with cleaning a polluted earth, this project aims to address the pressing issue of electronic waste.

A drop box has been conveniently set up at the reception area for your e-waste donations.

Through this effort, we not only seek to responsibly collect and dispose of electronic waste but also to raise awareness about its environmental impact and dangers.

Join us in making a difference and supporting our mission to create a cleaner and more sustainable community.
